

Presidents Award

This annual award was named in Memory of Stephanie Cameron Glock, who passed away from Breast Cancer. Stephanie was an active dressage competitor and long time club volunteer. She served on the board, as the membership coordinator for years, and also assisted in many other capacities. Jennifer Parker initiated this award in Stephanie's memory as a way to honor those on the Board who gave generously and selflessly of their time, energy, talents, and often finances, in the same way that Stephanie did.

For 2023 two individuals were awarded the President's Award: **Marcy Blacker** and **Janet de Acevedo Macdonald**.

Marcy served on the board and most recently in the position of Vice President. Her efforts over the years were remarkable and she significantly raised the bar in fundraising for the club events.

Janet served as Secretary and as Social Media Guru for the club. She was always looking for ways to boost the image of the club. Her creative contributions in both areas resulted in energy and enthusiasm for the club and the hosted events and shows.

It is an honor to award both Marcy and Janet with the President's Award.
